### WHAT CAN YOU EXPECT AT THIS YEAR'S CONVENTION? A Complete Youth Strand of Programs

#### Youth topics may include;

- Starting your own Youth Ambassador Club on your own campus and why you would want to consider doing so.
- Why is it important to have relationships between the U.S. and Mexico? Participate in a group brainstorming session on the benefits of international relations. Participants will produce a Position Statement and the end of the session, which will be included in the convention summary.
- Why participating in people to people organizations is so valuable and what you should be getting out of those organizations

Youth participation in the convention is predicated on being in a family with a current paid membership in your local Sister City, or other similarly named organization that is part of Sister City International. A higher rate is assessed for non-members.

If there are fewer than six (6) youth registrations, youth attendees will participate in all general sessions and the Youth Strand will not be offered.

All convention participants will attend the general opening session at City Hall. There will be three 45 minute break-out sessions for the Youth Strand and those sessions will be located at the Culver Hotel.
